

Bright IT is a growing team of technology and marketing experts in Poland and Austria who create digital marketing solutions that help the Marketing, Sales, Communications and IT organisations of our international clients successfully connect with their customers, partners and associates.

To strengthen our growing international team the following full-time position is open for immediate start:

SCALA DEVELOPER

IN WROCLAW, POLAND

On this position you will:

- Work as a member of our in-house development team in the delivery of web and mobile solutions
- Develop the back-end/API elements of our enterprise client web solutions
- Help us create a tailor-made intranet solution for a really large organisation
- Integrate our hand crafted code with existing CMS platform (OpenText TeamSite) and others 3rd party systems (Marketo, Piwik)
- Contribute to the ongoing improvement of our development processes and tools

To accomplish these tasks you should:

- Have at least 2 years commercial experience with Java/Scala development,
- Show good understanding of Functional Programming
- Have a good knowledge of Scala and Play Framework
- Be familiar with some of: *nix command line, Git, REST, Slick, SQL, Hibernate, Spring, Guice, Maven, XSLT
- Understand server-side tools such as application containers, nginx/Apache, Varnish, Docker, Puppet
- Enjoy your English working proficiency - German working proficiency and willingness to travel are a plus

In exchange we offer:

- Competitive salary plus employee benefits (LuxMed, Multisport)
- Highest quality environment and hardware (MacBook, daskeyboard, external display, ergonomic chair)
- Elastic approach to work organisation (we also appreciate work-life balance)
- Mix of experienced and young enthusiasts (to gain a bit from everyone)
- Fridge with a good selection of juices and a Football table with our own app for player statistics

In case you are a good match and interested in working with us, we look forward to your application by email at developer@bright-it.com.
